Early Admissions Option – Nursing Programs
between St. Joseph School of Nursing and Rivier University

The purpose of the Early Admissions Option is to simplify the process allowing nursing students matriculated in the Associate of Science Degree in Nursing Program at St. Joseph School of Nursing to enroll in the RN to BSN program at River University.

The following changes regarding the process of enrollment into Rivier University are in effect:

1. Students interested in matriculating in the RN to BSN Program at Rivier University shall complete the *Early Admission Application* and submit one copy to the community college nursing program office and one copy to the Admissions Office at Rivier University, 420 South Main Street, Nashua, NH 03060.

2. Students may submit the Early Admission Application at any time during their education program at the community college.

3. The Early Admission Application will be submitted to the community college registrar. A final transcript listing courses completed and graduation date will be forwarded to Rivier University.

4. Students who submit an Early Admission Application to the Rivier University nursing office will be contacted by the RN-BSN academic advisor in order to design an education plan for meeting the baccalaureate degree requirements.

5. Students may enroll in Rivier general education courses before completing the associate degree and before completing the registered nurse licensure process without applying for admission. They may enroll in selected nursing courses at River University with the approval of the Rivier University RN-BSN academic advisor prior to completing all requirements for the associate degree. However, once 12 credits have been taken at Rivier University, students must complete the admissions process and be matriculated to continue their education at the school. Students must complete a minimum of 30 credits of the RN-BSN program at Rivier University in order to receive their baccalaureate degree in Nursing.

6. Students wishing to matriculate will be responsible for submitting a *Rivier University Application* and transcripts from all colleges attended, and sending them directly to the Admissions Office at Rivier University.

7. All other premises of the Articulation Agreement between St. Joseph’s School of Nursing and Rivier University remain as originally stated.
