

PANAMA

Office of Global Engagement Service Learning Trip

February 29 - March 7, 2020

The Divide Between the Rich and the Poor

Trip Leader: Kevin Cloutier

Experience Panamanian culture and gain a wider perspective on the global landscape. Though Panama has experienced tremendous economic growth, many residents live life in poverty, and scores of children are orphaned from the associated hardships. Students will volunteer at SOS Children's Village, an organization that provides care, nutrition, education, and medical services to children who have lost their parents. Students will take part in language classes, helping the children learn English, and assist with painting, landscaping, and other tasks to maintain the Village. Time is set aside for students to tour old Panama City, visit the Panama Canal, and experience a recreation day at Taboga Island.

For more information about this trip, please contact the OGE at globalengagement@rivier.edu and trip leader, Kevin Cloutier at kcloutier@rivier.edu

Join us for an Unforgettable Experience!

The trip is open to Rivier undergraduate students.
