

Bachelor of Science

Accelerated Bachelor of Science in Nursing (BSN)

Transition into a rewarding nursing career with an Accelerated BSN degree from Rivier.

Fast-track your nursing career with the skills to enhance patient care, advance professionally, and secure a brighter future in healthcare.

Rivier provides a fast, rigorous pathway to a rewarding nursing career in as little as 16 months. Designed for individuals with a bachelor's degree in another discipline, this program equips you with the knowledge and clinical expertise needed to transition into nursing efficiently and effectively.

As a BSN-prepared nurse, you'll gain a broader scope of practice, developing the critical skills necessary to improve patient outcomes and save lives. Your advanced preparation will open doors to better job opportunities, competitive salaries, and increased job security in a rapidly growing field.

Earning your BSN also sets the stage for future leadership roles and advanced education. Whether you aspire to work in healthcare administration, pursue graduate studies, or specialize in a specific area of nursing, Rivier's program positions you for long-term career success.

Choose Rivier

Rivier's nursing programs combine strong foundational knowledge with hands-on learning to enhance your skills and confidence in patient care. A leader in nursing education in the northeast, Rivier has been recognized as the #1 nursing school in New Hampshire by Nursing Schools Almanac and ranks in the top 50 private nursing schools in the nation.
