

Play an important role in shaping future leaders.

Why Study at Rivier?

Earning a B.A. in Elementary Education from Rivier University equips you to become a licensed teacher, enabling you to make a meaningful impact in the lives of your future students.

Build Your Knowledge Base

Our program offers a unique mix of courses in curriculum development and implementation, teaching and instructional strategies, technology, design of learning environments, and focused disciplinary content that will empower you and develop your confidence in the classroom.

Gain Real-World Experience

Through a focus on experiential learning and field experience beginning your freshman year, you will build your skills, resume, and professional network. Our proximity to some of the most diverse school districts in New Hampshire offers excellent opportunities for internships and employment. You will gain practical experience through a semester-long student teaching assignment that will build your confidence in the classroom and further develop your skills. Faculty-led teaching trips provide an opportunity for global experiences.

Begin Your Career

Elementary Education graduates may pursue careers as:

- Elementary school teachers
- Middle school teachers
- Training and Development Specialists
- Instructional Coordinators

Advanced Degrees and Licensure

Graduates are well prepared to pursue master's degrees in education, administration, and related fields. This program is designed to meet the educational requirements necessary for licensure per the NASDTEC Interstate Agreement.

Journeys of Transformation

Rivier University's core curriculum, titled *Journeys of Transformation*, aligns with the American Association of College & Universities essential learning outcomes. Coursework focuses on developing strong intellectual and practical skills for workforce success, and offers opportunities for service learning and civic engagement to enhance leadership abilities.

Employment Promise Program

Rivier's **Employment Promise Program** enhances the career preparation and employability of students in all academic disciplines. The program includes mentorship through Rivier's Career Development Center and features a tailored four-year academic and professional development plan, integrating experiences that have been shown to enhance overall employability and improve job search success.

Confidence in the quality of a Rivier education enables the University to ensure invested students will secure employment within nine months of graduation. If not, the University will provide the student additional financial or educational support. Get more information at rivier.edu/EPP.
