Level up your business management skills

Immediately apply what you learn to advance your career.

Take your career to the next level with Rivier's MBA in Management, a business education that delivers real-world skills for personal and professional success.

Rivier's MBA in Management provides you with a broad education in functional business disciplines— accounting, finance, marketing, human resources, operations—as well as in the cross-disciplinary skills of leadership, critical thinking, problem solving, and strategic management. Quantitative and qualitative coursework teaches you to identify and understand key information, and then to evaluate and apply your knowledge to effect positive change within an organization.

Choose Rivier

Rivier's MBA programs provide strong foundational knowledge and hands-on learning that build on your existing skill sets and confidence in business management. On campus or online course options provide greater flexibility to working students, and six 7-week terms annually offer a swift path to earning your degree. Additionally, Rivier's curriculum utilizes the most current open education resources in place of textbooks, significantly reducing the cost of your program.

Save with Open Educational Resources

Most instructors in the online MBA in Management program use Open Educational Resources (OER) in place of traditional textbooks. This means digital, openly licensed content is available free of charge to students. Featuring multimedia, interactive, and engaging course content, OER materials can save you an estimated \$1,500 over the length of your program.
