

Rivier

UNIVERSITY

B.A.

Mathematics Education

Develop your skills and prepare for a rewarding career.

Why Study at Rivier?

In our Mathematics Education program, you will develop the problem-solving, quantitative, and analytical skills necessary for teaching in the 21st century.

Build Your Knowledge Base

Our B.A. in Mathematics Education degree fulfills all the requirements of our mathematics major and the New Hampshire State Department of Education Professional Standards for Teachers, which are required for licensure. The curriculum includes advanced mathematics and physics courses, problem-solving and modeling, teaching math with technology, as well as secondary education coursework.

Gain Real-World Experience

Through a focus on experiential learning and field experience beginning your freshman year, you will build your skills, resume, and professional network. Our proximity to some of the finest school districts in our state offers excellent opportunities for internships and employment. You will gain practical experience through a semester-long student teaching assignment, which will build your confidence in the classroom as well as your resume, and further develop your skills.

Begin Your Career

Mathematics Education graduates may pursue careers as:

- Middle and high school math teachers
- Researchers, statisticians, and analysts

Advanced Degrees and Licensure

Graduates are well prepared to pursue master's degrees in education, mathematics, computer science, and other related fields. This program is designed to meet the educational requirements necessary for licensure per the NASDTEC Interstate Agreement.

Journeys of Transformation

Rivier University's core curriculum, titled Journeys of Transformation, aligns with the American Association of College & Universities essential learning outcomes. Coursework focuses on developing strong intellectual and practical skills for workforce success, and offers opportunities for service learning, servant leadership, and civic engagement to enhance leadership abilities.

Major Requirements

Mathematics Courses

MA 165 - Calculus I with Lab
MA 166 - Calculus II with Lab
MA 205 - History of Mathematics
MA 210 - Linear Algebra
MA 220 - Calculus III
MA 310 - Discrete Mathematics
MA 317 - Problem-Solving and Modeling
MA 320 - Classical Geometries
MA 330 - Mathematical Statistics
MA 420 - Abstract Algebra

Related Science Course

PHY 111 - Physics I
PHY 111L - Physics Laboratory I
PHY 112 - Physics II
PHY 112L - Physics Laboratory II

Related Education and Teacher Licensure Courses

ED 150 - Foundations of Secondary Education*
ED 260 - Psychology and Teaching of the Pre-Adolescent and Adolescent
ED 343 - Methods of Teaching Mathematics in Secondary Grades*
ED 350 - Planning Learning Environments for Secondary School Teachers*
ED 370 - Instruction and Accountability I*
ED 420 - Student Teaching and Seminar
HIS 101 - United States History I
or

HIS 102 - United States History II

**Asterisked courses require 25 hours each of field experience, which begins in the first year.*

General Electives

Students choose four 3-credit elective courses (12 credits) to reach the total number of credits required for the degree.

Innovative

Employment Promise Program

Rivier's Employment Promise Program enhances the career preparation and employability of students in all academic disciplines. The program includes mentorship through Rivier's Career Development Center, career investment goals, and a specialized, four-year academic/professional development plan that incorporates experiences proven to increase overall employability and success in the job search process.

Confidence in the quality of a Rivier education enables the University to ensure invested students will secure employment within nine months of graduation. If not, the University will provide the student additional financial or educational support. Get more information at rivier.edu/epp.

You're Invited

Attend a virtual or on-campus event, or schedule an individual campus tour for you and your family. You can access a complete listing of events and register online at events.rivier.edu or call us at (603) 897-8507.

Academic Accreditation

Rivier University is accredited by the New England Commission of Higher Education (NECHE).
