

Rivier

UNIVERSITY

MBA

Master of Business
Administration in
Cybersecurity Leadership

Level up your cybersecurity and leadership skills

Drive digital transformation and advance your career.

Prepare to become a leader in data security and business management with Rivier's MBA in Cybersecurity Leadership.

Rivier's MBA in Cybersecurity Leadership provides you with a strong foundation in traditional business disciplines, along with intelligence in the fields of cybersecurity, computer science, and psychology. Quantitative and qualitative coursework prepares students to not only identify and understand key information, but also to evaluate, synthesize, and apply their knowledge to protect vital data assets, lead change, and effect positive outcomes.

Choose Rivier

Rivier's MBA programs provide strong foundational knowledge and hands-on learning that build on your existing skill sets and confidence in business management. On-campus or online course options provide greater flexibility to working students, and six 7-week terms annually offer a swift path to earning your degree. Additionally, Rivier's curriculum utilizes the most current open education resources in place of textbooks, significantly reducing the cost of your program.

Save with Open Educational Resources

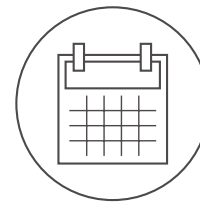

Most instructors in the online MBA in Management program use Open Educational Resources (OER) in place of traditional textbooks. This means digital, openly licensed content is available free of charge to students. Featuring multimedia, interactive, and engaging course content, OER materials can save you an estimated \$1,500 over the length of your program.

Degree Options and Transfer Credits

In addition to the MBA in Cybersecurity Leadership, Rivier offers an MBA in Management, Information Technology Management, an MBA in Healthcare Administration, and an MBA with a concentration in Marketing. If you've completed applicable graduate courses at another institution, Rivier's generous transfer policy will allow you to transfer and apply up to nine credits toward your Rivier MBA program.

Accreditation

All of Rivier's established Master of Business Administration programs are accredited by the Accreditation Council for Business Schools and Programs (ACBSP). As a new program, the MBA in Cybersecurity Leadership will petition for future accreditation.
